

1, Types of mediums ?

* Wired Medium

⇒ Electrical Signal

⇒ Light Signal

* Wireless Medium

⇒ Radio frequency Signal

2, Write down switch 8-pins ?

1 +R

2 -R

3 +T

4 +V

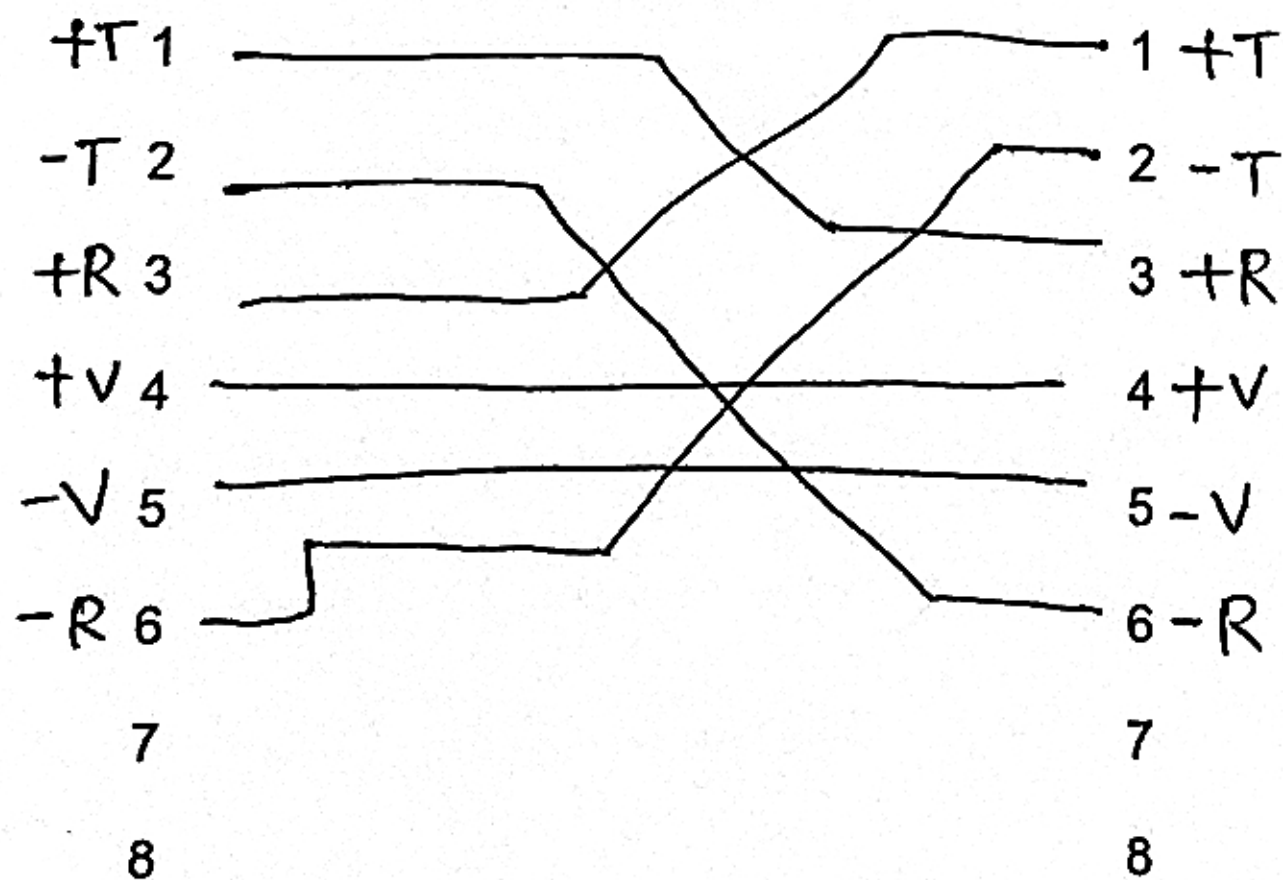

5 -V

6 -T

7

8

3, Connect utp cable between two devices

4, Explain AUTO MDIX ?

Automatic Medium dependence interface is ethernet ^{port} feature. It detect automatically whether it straight or crossover cable and change it pin function automatically.

5, Explain POE Injector ?

6, Explain POE switch ?

Power over ethernet switch is device it send both electrical power and data over through a single cable. It is used to connect a CCTV cameras etc...

7, Explain types of nic & function ?

Wired NIC

=> Ethernet Port NIC

=> Fibre Port NIC

Wireless NIC => WIFI NIC

FUNCTION: (Network interface Card)

=> It contain both IP and MAC

=> used to convert binary into electrical signal ^{and} vice versa.
